MEETING MINUTES: October 15, 2018 minutes were recorded by Judy Preston approved by email and forwarded to trustees and Land Trust representatives by Judy Preston.

PARKS AND TRAILS:

Ned Roberts Fund – no update, Greg will contact Max Taylor (scout) and let us know if he is still interested in doing a project.

Other – The signs are in place on the Daniels Way trail and the memorial bench has been placed. Greg shared pictures via email with the committee. Also the GRD is working on replacing the entrance sign for Spring Valley and the other parks. The GRD wants a unified look for the signs.

AGRICULTURE: The Granville Kiwanis sent their annual report in November 2018. Things are going well. Emily made us aware of the possible future issues with maple tapping and climate change.

Greg & Craig will do group 1, Lynn, Craig & Mickey will do group 2, Emily & Mickey will do group 3, Judy & Dick will do group 4, Andy & Emily(or Mickey) will do group 5 & 6. Judy passed out the folders but forgot the inspection reports. She will get those to the appropriate people shortly (sorry!). We all reminded each other to review the easement before the inspection so that we can answer any questions the land owner might have.

TRUSTEE UPDATE: Trustee Bird told us about some possible new easements. She will keep us informed when those happen so that we can review the easement and do the initial inspection. She is working on a generic easement form so that we can have uniformity going forward. She had question on various sections. We were able to offer our input.

OTHER:
